PERENNIAL NURSERIES
Painesville, Ohio

Express Rates Reduced 25%

Transportation charges in the past were high, which added greatly to the cost of the plants purchased. Due to the continuous efforts of the nurserymen, the Express Company this year reduced their rates fully 25%. We consider this a nice reduction in transportation charges. This together with low cost of merchandise is of mutual interest. Our customers therefore, need not have the fear of transportation charges being out of reason. We also wish to thank the co-operation of the Express Company.

Trade Customs All Orders Subject To Prior Sale

Important

Please advise, when ordering, if you wish goods shipped by express or freight; also give us the best route to insure quick delivery. Write us on business stationery that we may be assured you are in the trade and that you are entitled to wholesale prices. To insure receiving the full order from us your ordering early will greatly faciliate selection and reservation of stock and shipments may go forward on time.

Prices

The prices in this catalog are net, and are subject to change without notice. All stock is delivered F. O. B. Painesville, Ohio. We charge for packing at cost. This price list cancels all sales conditions and prices quoted in previous lists.

Terms

Cash or satisfactory trade references must accompany all orders from purchasers unknown to us. To customers whose responsibility and credit standing is known to us, bills are due net 30 days from date of invoice. On 60-day accounts and older, 6 per cent interest will be charged. We allow 2 per cent discount if bill is paid by the 10th of the month following invoice.

Our Responsibility

While we exercise the greatest care possible to have our nursery products all genuine and reliable, we will replace, on proper proof, all that prove untrue. We do not give any warranty, expressed or implied, or guarantee them to live and grow or give specific results. In case of error on our part, it is understood that we shall at no time be held responsible for a greater amount than the original price of the goods.

Adjustment of Complaints

Complaints for adjustment must be mailed to us in writing immediately upon arrival of stock.

Inquiries

It is part of our service to you to answer your inquiries promptly. We solicit your correspondence. It will help us, however, if you will make your inquiry as brief and as clear as possible.

Shipping Facilities Excellent

In every case, shipments will go forward as quickly as possible if so desired, or reserved for shipment in proper time for plantings in your districts. The first of March we start shipping into the Southern States, following up with our shipments in the later Spring seasons to our mid-western and eastern states. This part we watch very closely. It is our aim to ship you the plants, when it is planting time in your locality. Our railroad connections are of the very best, being able to route through our terminals immediately when shipments are received by the railroad. Perennials are of perishable nature and should be shipped by express, unless the material is of extra heavy nature and in perfect dormant stage at the time of shipment.

Method of Packing

This part of the work is very important. In every case the perennials must be packed according to its nature. Therefore our packing is handled by our most experienced men. They are fully acquainted with all varieties of plants that we grow and pack accordingly. In the large volume of business annually, we receive only an occasional complaint on shipments being received, either heated in transit or improperly packed. In following up these complaints, we find in many cases that such shipments are either delayed in transit or traveling through unfavorable weather conditions. This, however, is so trifling when taking into consideration our thousands of shipments that our packing methods are as perfect as possible. In the event of plants arriving in unsatisfactory condition, we are ready at all times to cover such plants with replacement or refund of price paid.

Dear Patron: -

We present to you our wholesale perennial catalog. It is our sincere wish that it will reach you in good spirit and that you are laying plans for good business this fall and next spring. With this in mind, we have made up our catalog, listing in it one of the best assortments of hardy perennials grown in this country.

With very closely operated systems, we again produced our plants to the highest quality. Our cultivations were maintained as in the past. Our customers purchasing from us will receive the best plants possible to develop for immediate use. They will give you maximum results. We will appreciate it if you will check over our catalog carefully. We are sure you will be convinced that the material we are growing will provide good profits.

We have noted with real pleasure many new customers have been added as a direct result of older customers recommendations. We hope and feel sure that this honor will be further merited by the quality of our goods and the way we execute orders.

Sincerely yours.

Joseph F Martins

Plants Recommended for ROCK GARDENS

In shipping season, we receive many inquiries for a good list of rock garden plants. This year from our large assortment of hardy p'ants, we have selected a list which we very highly recommend for the planting of rock gardens. The varieties offered below, you will find listed throughout our catalog in Alphabetical order.

Achillea Ageratum
Achillea Boule De Neige
Achillea Millefolium Roseum
Achillea Perry's White

ACHILLEA

Milfoil or Yarrow

A CHILLEAS are of easy culture and grow in any good garden soil, preferring sunny locations. They are useful for the border, wild garden or shrubbery. For cutting there are many outstanding flowers among the Achilleas for summer floral pieces. In late years it has come to our attention that Achilleas are used in many floral pieces, due to the fact that when a planting of these are maintained and the flowers used continuously they are practically everbloomers. Anytime throughout the summer the florist can cut Achilleas for use as fillers. They are very valuable when the Gypsophila or Baby's Breath is off crop.

Per Per 10 100

BOULE DE NEIGE. (Ball of Snow) An improvement
on the Pearl. Wonderful for cut Flowers or garden.
Blooms in June. A good filler, grows 12-15" high,
double white flowers in umbels.

FILIPENDULINA. This fine plant from the shores of the Caspian Sea grows 2 to 3 feet high, flowers bright yellow, in flat heads, and with lace-like foliage. June to September. Nice to plant among shrubbery, evergreens, or for back border, also a good flower for basket work.

MILLEFOLIUM ROSEUM. (Rosy Milfoil). Finely cut deep green foliage, pink flowers in dense heads and found all summer. Suitable for general use. 12 inches high.

PERRY'S WHITE. 1 to 2 feet. June to August. A choice variety. Nothing better for cutting. An excellent filler. The whitest of all Achilleas, and an outstanding favorite with florists for summer flowers.

Achillea, Perry's White

Dilla Davycia yay yay	$_{10}^{\mathrm{Per}}$	Per 100
PTARMICA, FL. PL. "THE PEARL." Pure white flowers borne in the greatest profusion on strong		
erect steins the entire summer, 2 feet high. As a summer cut flower it is of great value. An excel-		
lent variety for use in sprays.	.85	6.00
TOMENTOSA. A very charming yellow flowered plant, blooming in June. It will do well in the rock-		
ery or in any part of the horder While it grows		
naturally on dry rocky soil, it has done finely on		
lower and more moist levels. Six to twelve inches.	. 85	6.00

ACONITUM

Monkshood or Helmet Flower

A CONITES form bushy clumps, and are invaluable for planting under trees or in shady or semi-shady positions. They adapt themselves, however, to bright sunny locations. The flowers vary somewhat in height and color, but the hood shaped blooms arranged in spikes are very attractive.

attractive.		
FISCHERI. A dwarf variety growing 30 inche high, with very large pale blue flowers in Septem ber and October. Decorative foliage even when no in flower. A very attractive plant in a Perennia	- t	
planting.	25	6.00

AJUGA

Bugle

A useful plant for the rockery and for carpeting the ground, particularly in shady positions, as under trees, where grass will not grow; flowers in May and June. 6 to 8

	10	100
REPTANS RUBRA. Grows 3 to 4 inches high, with		
deep purplish blue flowers. Bronzy foliage.	1.00	7.00
REPTANS ALBA. A white form of the preceding.	1.25	8.00

ALYSSUM Rock Madwort

Very popular early flowering perennials of easy culture, and all very free flowering. They all like a well drained soil and sunny position. Useful in the border as well as in the dry wall or rock garden. This genus includes some of the prettiest and most showy spring and early summer blooming

plants.		
ARGENTEUM. Dense growth. Leaves silvery be-		
neath, flowers yellow in clustered heads, all sum-		
mer. Height about 15 inches.	.85	6.00
ROSTRATUM Prostrate almost shrubby variety,		
hoary grey all over. Flowers pale yellow, in un-		
branched heads. Blooms May to July. Height 1 foot.	.85	6.00
SAXATILE CITRINUM. Charming variety with		
masses of pale citron yellow. Dwarf compact. Es-		
pecially good for edgings and rockeries.	.85	6.00
SAXATILE COMPACTUM. Dwarf Golden Tuft,		
Basket of Gold. More compact than the preceding		
and earlier. One of the showlest of Spring flowers.	0-	
Height 9 to 12 inches. April and May.	.85	6.00
SERPYLLIFOLIUM. Very dwarf 4 to 5 inches high,		
with racemes of pale yellow flowers, and rough	1.05	0 00
hoary leaves. Charming for the rock garden.	1.25	8.00

AMSONIA

TABERNAEMONTANA. 2 to 3 feet. Late May and and early June. Small and numerous flowers of light blue in panicles. Smooth foliage, fine for the hardy border, or plants among shrubbery. 1.25 8.00

ANCHUSA

Sea Bugloss

A race of intensely blue flowering plants. Invaluable

A race of intensely blue flowering plants. In for the border. Grows in common soil.

ITALICA DROPMORE. An interesting border plant 3 to 4 feet high, with pretty gentian blue flowers in Spring. A favorite with all who see it. One of the best blue perennials.

MYOSOTIDIFI.ORA, (Forget Me Not Flowered Bugloss). Height 1½ feet when in bloom, during April and May, making a tidy, compact plant, entirely lacking of the coarseness of the taller Anchusas, forming a mound of dainty blue flowers resembling the forget-me-not, but borne in branchy sprays. Foliage is robust and has a healthy, attractive appearance throughout the entire season. An effective rock plant for shady places. 1.25 8.00

.85 6.00

ANTHEMIS

Hardy Marguerite

TINCTORIA, (Kelway's Variety). Handsome finely cut foliage, and daisy-like flowers produced all summer. Succeeds well in the poorest soil, excellent for cut flowers. .85 6.00

ANEMONE JAPONICA

Japanese Windflower

THESE beautiful windflowers are among the most important hardy plants. While they begin blooming in August they are more especially valuable on account of their continuing in full beauty till cut down by hard frost. They are all excellent for cutting, lasting in good condition for many days. The plants grow two to three feet high, are perfectly hardy if given the protection of two or three inches of leaves or litter during the winter months. They grow rapidly and are profuse in bloom gaining strength and beauty each year

ALBA. Purest single white with yellow center, 1.25 8.00

	Per	Per
ATTICE Tongs flowers of resominir liles centers	10	100
ALICE. Large flowers of rose-pink, lilac center; excellent new variety. The best and strongest		
grower of all the pinks.	1.25	8.00
GENTE BLANCHE. Large double silvery white.	1.25	8.00
HUPHENSIS. A perfect little gem closely allied to		4
Anemone Japonica which in a miniature form it re-		
sembles. The plant grows from 18 to 24 inches high and from early in August until late in Autumn pro-		
duces an abundance of flowers about 1½ inches in		
diameter of a pleasing mauve rose.	1.25	8.00
LOUISE UHINK. Early pure white, large full flowers.	1.25	8.00
MOUNT ROSE. Fine free-flowering double pink.	1.25	8.00
MAX VOGEL. Double rose pink; free flowering.	1.25	8.00
PULSATULIA. Grows from 9 to 12 inches high and		
produces violet or purple flowers during April and		
May. An interesting plant for the rockery or well	1.25	8.00
drained border.	1.20	8.00
PULSATILLA ALBA. Beautiful creamy white flowers in early spring.	1.25	8.00
PULSATILLA RUBRA. Of dwarf habit with reddish	1.20	0.00
purple flowers.	1.25	8.00
QUEEN CHARLOTTE. Abundant semi-double flowers,		
broad and perfectly formed; La France pink, two		
to three feet.	1.25	8.00
RICHARD ARENDS. Large, single shell pink flowers	1.25	8.00
with lilac hue; finest of all.	1.25	8.00
ROSEA SUPERBA. One of the strongest growing varieties. Plants, heavily branched, producing a heavy		
crop of double pink flowers. In a large planting it		
is always an outstanding variety.	1.25	8.00
RUBRA. Beautiful rosey red, stamens bright yellow.	1.25	8.00
SYLVESTRIS. This is one of the best in moist sandy		
soils. Bears good size delicate white flowers on long	4 05	0.00
stems. Blooms late May.	1.25	8.00
WHIRLWIND. Excellent double white flowers.	1.25	8.00
DOUBLE WHITE. Strong erect growing. Produces	1 05	0 00
exceptionally large double white flowers.	1.25	8.00

AQUILEGIA OR COLUMBINE

THE Columbines are among the most elegant and beautiful hardy plants, producing their graceful spurred flowers on stems rising two feet or more above the beautifully divided foliage and should be planted wherever their presence will serve to lighten up a too stiff and formal planting, for no other plant has so airy a grace as the Columbine, is more generous of its blooms, or more effectively adapted for cut flowers. Taken as a whole they are the most important part of the hardy garden and should be grown in quantity by every lover of old fashioned garden flowers. The following varieties are all suitable for cutting and are

attractive when used with other Howers.		
ALPINA. Grows about a foot high, having dark blue flowers. A beautiful short spurred form. Very rare.	.85	6.00
BEE'S HYBRIDS. Beautiful mixture of colors, large flowers.	1.00	7.00
CANADENSIS, (American Wild Columbine; Honeysuckle). It flowers early, next after the oxysepela, and few of our wild flowers are better suited to the rock garden than this. Flowers an inch or more long, red and yellow are borne in abundance. Very graceful and attractive plant. It seems to do well in any garden soil both in sun and shade. 18 to 24 inches.	.85	6.00
CHRYSANTHA, (Golden Columbine). Very slender, dainty, long-spurred Columbine of a golden yellow color, blooming later than the long-spurred hybrids. Late June and July and attains a height of 2½ to 3 feet. While we do not guarantee the color a large percentage comes true to form.	.85	6.00
CHRYSANTILA ALBA, A white form of the above.	.85	6.00
COERULEA. Violet blue and white, long spurs, the finest species. Rocky Mountain blue Columbine.	.85	6.00
DOBRIE'S IMPERIAL HYBRIDS. A very fine assortment by a European hybridizer which will be sure to charm you by its beauty.	1.00	7.00
GLANDULOSA. Pale blue flowers, white corolla. Height 1 foot. Blooms from May to July.	.85	6.00
GLANDULOSA MAJOR. Black violet with white corolla. Height 36 inches.	.85	6.00
LONG SPURRED HYBRIDS. We offer an unusually choice strain of these lovely hybrids, ranging in color tones from creamy white and yellow to bronze red and blue shades. No two plants resemble each other in color, and the combination of shades found in this selection defies description.	.85	6.00

A MOST useful class of plants, either for the border or for filling in among the shrubbery.

ABROTANUM,	(Old Man	or	Southernwood).	Finely		
cut deep gree	en foliage.				.85	6.00

LACTIFLORA. An excellent hardy border plant, pro-
ducing large, branching panicles of sweet scented.
creamy white flowers, excellent for cutting. Three
to four feet. August-September. A perennial you
should have on hand for bouquets.
DUDSHIANA Stoms and leaves white weeks were

PURSHIANA. Stems and leaves white-wooly, very decorative. Flowers white.

silver king. Unquestionably one of the best all around decorative plants. Its bright silver-colored stems and foliage are of great value as a filler for bouquets, sprays, baskets, or all sorts of floral pieces. By cutting and drying the stems it is very valuable in the winter for filler. Florists in our districts paid high prices for their supplies last winter. It is a showy plant in the perennial border or among shrubbery. Height 30 inches. We supply large field grown clumps. When used in basket work with colored roses the effect is a feast for the eyes.

the eyes. .85

STELLERIANA, (Old Woman). Deeply cut silvery white foliage. Much used in carpet bedding. 18 inches. .85

PONTICA. Grayish finely cut green foliage useful for fillers in floral work, also for bordering in front of shrubbery or perennial plantings. Height about 2 feet.

ASCLEPIAS Butterfly Weed

TUBEROSA. Very showy native plants, about 2½ feet high producing flowers of brilliant orangescarlet during July and August. Nice for cutting. .85 6.00

ASPERULA

Sweet Woodruff

ODORATA. A sweetly scented herb growing 6 to 8 inches high with terminal clusters of white flowers in May. A useful plant for a shady spot in the garden or rockery or for carpeting the ground in a shady position.

ASPHODELUS

LUTEUS. An effective plant for the border, with sword-like foliage and spikes of fragrant yellow lily-like flowers in July. Height 3 feet. .85 6.00

Artemesia, Silver King

ASTILBES

Spirea Astilbe

Y EARS ago Astilbes were considered only for forcing purposes. Being one of the beautiful plants for Easter decorations, they are now planted a great deal in flower gardens, rock gardens, in fact they will fit into practically all perennial plantings. They are beautiful outdoors and grow well if planted in moist soil either in full sun or semi-shade. The varieties we offer are a selection for indoor or garden plantings.

favorite. Pianted in rich moist soil this plant will draw the eyes of everyone while it blooms and it has attractive foliage the year round. America blooms about two weeks earlier than the average
blooms about two weeks earlier than the average Astilbe.

AMETHYST. Weli branched spikes of deep violet-purple. End of June. An interesting garden va-riety. 2.00 18.00

BETSY CUPERUS. Splendid new variety growing 5 feet high. The fine drooping flower spikes, 2 feet long, show in summer during some weeks a great number of white flowers with pink centers. 2.00 18.00

Flowers are a lilac pink.. Very good EMDEN. 2.00 18.00 forcer.

GRANAT. Strong, much divided, flower spikes, wark crimson red flowers, quite a unique color. 2.00 18.00

GLORIA PURPUREA. Some years ago, we found in our nurseries a wonderful sport of Astilbe Gloria with much darker flowers and dark brown foliage, which can be offered as a good novelty. with much darker flowers and dark brown foliage, which can be offered as a good novelty.

GLORIA SUPERBA. The latest of all forcing Astilbes—a little taller and a little more prolific than the average. Its deep rose-pink flowers make a grand showing in any arrangement. As a garden flower they punctuate any planting remarkably, and for summer cut flowers they make up well with pink or white Hardy Carnations, Achillea Perry's White, or Gypsophila for sprays or baskets.

KRIEMHILDE. A new variety with feathered spikes of salmon-pink flowers. Nice for cutting and very attractive in the garden.

MARGUERITE VAN RECHTEREN. This plant grows about five feet high. The flower stem itself has a length of over three feet. The very fine fringed flowers are bright red tinged with lilac.

METTA IMMINK. Splendid new cross having dense flower spikes of a delightful pink color. Very recommendable. Award of Merit R. H. S. of Holland. 2.00 18.00 PEACHBLOSSOM. A beautiful peachbiossom pink. Plant is very compact and thrifty and usually produces from four to seven large flower trusses. Biooms two weeks earlier than the mid-season varieties. An excellent forcing variety for pre-Easter sales. Piants usually require 7 or 8 inch pots.

PRINCESS MARY. Pink. Very good forcer. 2.00 18.00 2.00 18.00 PRINCESS MARY. Pink. Very good forcer.

QUEEN ALEXANDRA. Flowers a bright pink.

Plants grow quite broad and stocky throwing up riants grow quite broad and stocky throwing up numerous large flower trusses. It is a mid-season variety that forces supremely well in the green-house. It is an outstanding favorite with many florists for Easter business. It is also very satisflorists for Easter pusiness. It is also very satisfactory in the garden.

QUEEN OF HOLLAND. Blush white.

RHINELAND. The compact spikes are bright crimson colored with salmon shade. $\begin{array}{cccc} 2.00 & 18.00 \\ 2.00 & 18.00 \end{array}$ 2.00 18.00 forcing or for use in the perennial garden. 2.00 18.00

Per 100

2.00 18.00

These are among the showiest of our late flowering hardy plants giving a wealthy bloom during September and October. Very showy in garden plantings. Also used extensively for decorative purposes. The following assortments are the choice of a long list of varieties. We are confident you will be pleased with the generous plants we will ship you. In late years these flowers have become very popular with Florists for basket and decorative work. The showy colors and the variety of shapes represented among Aster varieties he!p Florists to obtain a great variety of effects with them in floral pieces.

Among the showiest of our native hardy perennial plants, with large single Aster-like flowers. The plant is in bloom during the summer and Autumn months, with its thousands of flowers open at one time produces a very showy effect.

LATISQUAMA. Lavender pink. 4 to 5 feet. Good for cutting. .75 5.00

BUPHTHALMUM

Ox-Eye Daisy

CORDIFOLIA. A tall growing perennial, very showy in group plantings, bright orange yellow flowers. Large deep green foliage very desirable for naturalizing.

SALICIFOLIUM. Willow leaf Oxeye. Yellow flowers neat bushy habit.

85 6.00

BUDDLEIA

Butterfly Bush or Summer Lilac

THIS is perhaps the most popular of our garden and hardy border shrubs, being almost continually in flower from July until frost. The bush grows to a height of about four feet and produces an abundance of flower spikes, which are made up of myriads of miniature florets of a beautiful lilac shade. The flowers are very fragrant and attract butterflies in great numbers from which fact the shrub has gained its name. Even a small plant will flower freely the first season if planted early.

FARQUHARI. A low-growing pendulous, spreading shrub, with rich green foliage and silver reverse, bearing in late summer, long racemes of purple flowers.

1.50 10.00

	Per	Per
VARIABILIS ALTERNAEFOLIA. Unlike all other		
Butterfly bushes this variety is hardy and does not freeze down in the winter. Charming lilac-purple		
flowers borne on long arching branches. Profuse in		
flower throughout the Autumn and Fall. Beauti-		
fully distinct foliage.	1.50	10.00
VARIABILIS WILSONI. The latest of all the summer		
lilacs to flower, blooming in September. It bears immense, tail-like spikes sometimes 30 inches long.		
	2.00	15.00
VEITCHIANA. Beautiful violet-mauve; a splendid		
Summer flowering shrub, absolutely hardy under		
any conditions; flowers are borne on long cylindrical spikes; 12 to 15 inches in length.	1 50	10.00
car spines, 12 to 13 menes in length.	1.00	10.00

CALAMINTHA

CALLIRHOE

INVOLUCRATA. Trailing plant, with finely divided foliage and large, saucer-shaped flowers of bright rosey crimson, with white centers, which are produced all summer an dfall.

.85 6.00

Campanula

Bellflower

SHOWY perennial plants of special merit. In every well ordered hardy garden Campanulas should have a prominent place. They delight in good rich loam, preferring a semi-shaded place. The tall varieties should be carefully staked, to prevent them from being broken during windstorms. All dwarf varieties are very desirable and much in demand for rock garden plantings.

CAMPANULA, Florist Cut Flower Varieties

promise to but it was to		

CARNATION

THE Truest Hardy Outdoor Carnations. No Florist should be without them. A beautiful strain of hardy pinks, which resembles most of all the indoor Carnations, blooming in great abundance all summer, in the most magic colors, flowers being semi- to full double. Excellent for cutting and very hardy. By cutting all flowers off, the life of the plant is maintained and it renews itself and starts new growth of the top and roots.

GRENADIN PINK. An attractive delicately colored		
flower that fills a great variety of uses for sum-		
mer cut flowers. A beautiful landscape flower as		
well.	.85	6.00
GRENADIN RED. A large flowering type. Very de-		
sirable for garden or cutting.	.85	6.00
GRENADIN WHITE. White form of the above. Ex-		
tremely desirable plant of the easiest culture.	.85	6.00

CASSIA

Indian Senna

Lovely shrub-like plants for the sunny border. There are several species from which are derived tanning materials, cathartics, etc. Marylandica is the best for our gardens.

MARYLANDICA. Handsome pinnate foliage and num-		
erous racemas of showy yellow flowers during		
July, August and September. An extremely desir-		
able plant of the casiest culture.	1.00	7.00

CATANANCHE

BICOLOR. A new variety with white florets and		
dark center.	.85	6.00
COERULEA. Heads of pretty deep blue flowers on		
long stems. Profuse and excellent cut flowers.	.85	6.00
COERULEA ALBA. White form of the above.	.85	6.00

CERASTIUM

Chickweed

Low-growing perennials suitable for forming edgings to beds or borders, or for bold masses in the rock garden. The best species is Tomentosum a plant with neat silver foliage and white flowers.

BIEBERSTEINI. Pure white flowers with cottony foliage. Fine.	85	6.00
TOMENTOSUM. A low, creeping plant with the upper surface of the leaves light in color and	.00	0.00
woolly; it bears a profusion of pretty white flowers. Much used for edging, also to plant		
in crevices of walls or rockwork, where it keeps	0 =	0.00
up a succession of bloom all summer.	.85	6.00

CENTUREA

Knapweed

Of easy culture delighting in an open, sunny position, producing a wealth of bloom, which not only makes a fine display in the border but is excellent for cutting.

Clear golden yellow.	.85	6.00

CHELONE

Turtle-head or Shellflowers

Hardy herbaceous perennials, closely allied to the Pentstemon, and of easy culture. The flowers, which are borne on 2 to 3 foot stems, resemble a turtle's head and are most useful for cutting.

BARBAT	'US NANA	PRAEC	OX. Ear	ly flow	ering pink		
	in pretty					1.00	7.00
LYONI.	Heads of	showy	purplish	red fl	owers.	1.00	7.00

CIMICIFUGA

Snake Root

Handsome herbaceous perennials. They have large palmlike leaves and small flowers borne in feathery racemas.

RACEMOSA. Handsome shade-loving plant, bearing in July and August spikes of pure white flowers 4 to 6 ft. high. Well suited for planting at the back of the border, or for naturalizing at the edge of the woods.

CLEMATIS, DWARF

.85 6.00

.85 6.00

DAVIDIANA. A most desirable variety, with fresh bright green foliage and tubular, bell-shaped flowers of deep lavender-blue during August and September; deliciously fragrant. 2½ feet. 1.50 10.00

COREOPSIS

Tickseed

A useful and attractive herbaceous perennial, both for border and cut flowers. They are of easy culture and produce their golden yellow flowers in profusion throughout the summer

the summer.		
DIADUM AURICULATA SUPERBA. Grand novelty,		
very free growing, large yellow flowers with dark		
blotch in center.	1.00	7.00
LANCEOLATA, GRANDIFLORA. A beautiful hardy	1.00	
border plant grows 15 to 18 inches high, and pro-		
duces its bright flowers in great profusion. By		
cutting off all old flowers it will bloom until Fall.	75	5.00
MAYFIELD GIANT. This fine new Coreopsis of	.10	3.00
Australian origin is a considerable advancement on		
any strain yet introduced. It produces taller, more		
vigorous plants, with longer, firmer stems, and		
larger individual flowers, having broader petals,		
forming a more perfect corolle Element		F 00
forming a more perfect corolla. Flowers yellow.	.75	5.00

lcaves, yellow dark disc; elegant.

CORYADALIS

Attractive dwarf growing hardy perennials. They have prettily divided green glacous foliage. Suitable for the margins of borders or in the rock gardens.

	10	100
CHEILANTIFOLIA. Handsome variety with fer		
like foliage and long spikes of yellow blossor	ns,	
10 to 12 inches in height. Prefers rich, well drain		
stony soil. Very rare and perfectly hardy; does w		
in shade.	1.25	8.00

COTULA

SQUALIDA. An excellent carpeting plant, bearing close evergreen foliage. 1.25 8.00

CRUCIANELLA

Crosswort

Herbs of creeping habit and easy culture. A nice plant for the front of borders and for the rockery.

STYLOSA. Early-flowering, hardy perennial, suitable for rock work; bright purple ball-shapped flowers. Height 6 in.

Chrysanthemums

THIS is the flower above all others that gladdens your heart when your garden is growing bare. The inclusion of Hardy Chrysanthemums in your plantings makes it possible to have the garden bright with flowers after the niajority of hardy herbaceous flowers are past. They are also valuable for cut flowers. The varieties offered below have been carefully selected and will give a flowering period of two months, from the middle of September until the middle of November.

ADIRONDA. Small, compact, aster-flowered variety		
of medium height. Plant covered with bronze flowers early in the season.	1.00	7.00
ALICE HOWELL. Orange Bronze.	1.00	7.00
AUTUMN GLOW, Rose-crimson. Large flowers.	1.00	7.00
ELKTON. Profuse, very compact, multi petaled flow-		
ers of dollar size, blush white slightly tinged lavender.	1.00	7.00
FRED PEELE. A very pretty button yellow.	1.00	7.00
FIELDS OF SNOW. Pure white button.	1.00	7.00
GLOBE D'OR. Dwarf midseason, free flowering sort.	1.00	1.00
Produces clusters of canary yellow flowers 2 inches		
across with dark center.	1.00	7.00
GOLDEN QUEEN. Large yellow.	1.00	7.00
INDIAN. Late flowering, very hardy variety, of me-		
dium height. Flowers are shaggy and of peculiarly pleasing coppery red shade. A good sort.	1.00	7.00
IRENE. A true pompom type, one to one quarter		
inches in diameter. Upright wiry stems. Height		
three feet.	1.25	8.00
IVA. Dwarf bronze, wonderfully free flowering.	1.25	8.00
JAPANESE MOUNTAIN. From our Japanese source		
of supply, we are advised that this Chrysanthemum is extremely hardy. The color range includes strik-		
ing colors in the Chrysanthemum family. They will		
grow to a wild bush if left by themselves. If		
pinched two or three times good shaped bushes can be obtained. By properly pinching and stak-		
ing, you can grow them to showy and artistic weep-		
ing styles of hanging or spray pot plants which		
should find a ready market. We offer strong field grown clumps.	1.25	8.00

sales. Flowers lilac,	1.25	8.00
sales. Plowers mac,		

.75 - 5.00

GAILLARDIA

Blanket Flower

Beautiful flowers are born in profusion and make a striking effect. They last a long while as a cut flower and are abundant from June until frost. They are an ornamental addition to the herbaceous border. The perennial Gaillardia is content with extremely simple treatment.

GRANDIFLORA. This is considered one of the most beautiful and desirable plants in cultivation, be- glining to bloom in June they continue one mass the entire season. A most beautiful combination.	10	100
very fine for cutting.	.85	6.00
LE-MASTODONTE. Yellow with red center. No colored zones.	.85	6.00
PORTOLA HYBRIDS. A new strain of large flowering Gaillardia having a color range from reddish		
bronze to a deep gold. Very satisfactory as a cut	.85	6.00
flower. TANGERINE. A striking novelty of quite a new	.00	0.00
color in Gaillardia's. The elegantly built flowers are of a beautiful tangerine-orange self-color,		
not yet seen in the family.	.85	6.00

GALEGA

1.50 10.00

OFFICINALIS NANA ROSEA. Showy plants of the easiest culture and very useful in the hardy border. They form very bushy plants with attractive foliage and delicate rose pink pea shaped flowers. Fine for cutting.

GERANIUM

ARGENTEUM. Silky-white foliage, pale purple flowers. Very good for the rockery.	1.50	10.00
GRANDIFLORA. Large ultramarine blue flowers		
from May onward, dwarf habit, fine perennial. SANGUINEUM. Large dark purple red, trailing habit.		

GEUM

Pretty border species growing about 15 to 18 inches high, and producing showy, bright-colored flowers from May to July.
COCCINEUM FL. PL. FIREBALL. Scarlet, very free

flowering.	1.25	8.00
LADY STRATHEDEN. A new introduction of great		
merit. Rich golden yellow blossoms, counterpart of		
G. Mrs. Bradshaw. Fine for hardy garden.	1.25	8.00
MRS. BRADSHAW. (Chinoense). A splendid new va-		
riety, with large double flowers of a fiery red,		
blooming nearly all summer. Peculiarly attractive.	1.25	8.00

GLOBULARIA

TRISCHOSANTHUS (Globe Daisy). A dwarf tufted		
little plant, with beautiful lavender flower heads.		
Does well in front of a well drained border, and is		
a brilliant picture in the rock garden.	1.00	7.00
NUDICAULE. Small blue florets, globular heads,		
flower heads deep blue. Neat for border.	1.00	7.00

GRASSES, HARDY ORNAMENTAL

The ornamental grasses can be used with telling effects, either as individual specimens in the border or on the lawn; large beds or borders planted entirely to the different varieties are attractive. They also can be used to advantage interspersed in the shrubbery border or planted in clumps on the margin of ponds or lakes.

in clumps on the margin of ponds of lanes.		
EULALIA GRACILLIMA UNIVATATA. (Japan Rush).		
Graceful habit, with very narrow foliage, of a bright green color, with a silvery midrib.	1.00	7.00
EULALIA JAPONICA VARIEGATA. Very ornamen-		
tal; long, narrow leaves, striped green, white, and		
often pink or yellow.	1.00	7.00
EULALIA JAPONICA ZEBRINA (Zebra Grass). The		
long blades of this variety are marked with broad,		
yellow bands across the leaf. It makes a very at-		
tractive specimen plant for the lawn. 6 to 10 feet.	1.00	7.00
ELYMUS GLAUCUS (Blue Lime Grass). Handsome		••••
grass with narrow glaucous silvery foliage. Well		
adapted for the border or edge of beds with taller		
sorts. About 18 inches high.	1.00	7.00
FESTUCA GLAUCA (Blue Fescue). Dwarf orna-		
mental grass with distinct blue-green foliage.		
Height 4 inches. A good plant for border or rockery.	1.00	7.00

GYPSOPHILA

Baby's Breath

OES well in rather dry places. Valuable for "mist effect" in bouquets and in the garden where a mass of delicate, misty bloom will fill a bare place. Per Per

HRLEI. New flowers pure white almost as large as Achilleas. A fine filler for all sorts of floral pieces. 2.00 15.00

PANICULATA (Baby's Breath). A beautiful old-fashioned plant possessing a grace not found in any other perennial and attracting the eye of everyone. Dense spreading bush, numerous tiny flowers in light feathery panicles, delicate foliage, fine for cutting, excellent for border or large rock gardens. July and August, Strong roots. If cut and dried will make excellent filler for winter use.

REPENS. A beautiful trailing plant for the rockery, with clouds of small, white and pink flowers in July and August. 6.00 .85

HELENIUM

Helen Flower

HIS magnificent perennial during its blooming season from early August until the middle of September, literally produces hundreds of beautiful yellow to bronze colored flowers. The flowers in one and the same plant vary in colors according to their growth and different stages of development. Beautiful for the Garden and fine for cutting.

AUTUMNALE RUBRUM.	Tall growing with dark		
brown red flowers from	August till October.	1.00	7.00

HYBRIDUM NANA PRAECON. Large flowered variety with rich golden flowers which have brown 1.00 7.00

RIVERTON BEAUTY. Pure lemon yellow, with large disc of purplish black. 3 to 4 feet high; early fall. 1.00 7.00

RIVERTON GEM. Old gold suffused with bright terra cotta, changing to wall-flower red. 3 to 4 feet high. In bloom from August until October.

SELECTING YOUR VARIETIES

We fully realize it is hard for beginners to make good selections of perennials for the special purposes in mind. We are always glad to recommend assortments of perennials for rock gardens, for Florist cut flower purposes, borders or any type of plantings. Your inquiries in this regard will be properly answered and the best information at our command will be given immediately. In writing you are not obligated. Therefore, you may feel free to write to us at any time. Your correspondence we welcome.

HELIANTHEMUM

Rock or Sun Rose

In our large acreage of hardy plants, we believe the Helianthemum when in flower is one of the most beautiful. We grow these on an extensive scale. They are rich in their various colors, either in borders or rock gardens and attract the fullest attention of the visitor. Whether single or double variety, the shadings are very pleasing. It is hard to fully describe a mass planting. We recommend you make a purchase of an assortment of Helianthemum and regardless of where you plant them, you will take a great deal of pleasure in their beauty.

HEUCHERA

Coral Bells

THE graceful habit and delicate beauty of these gems among our hardy summer flowering plants, which are adapted for many purposes in our plantings, they being at home in any half shaded or sunny position in the mixed border or in the rockery, or for mass plantings. The plants grow in rosette like form and produce numerous slender, many flowered, erect stems about 18 inches high above the light green leaves that last in good condition for a long time. These form excellent material for cutting. The plants are hardy and their flowering period is usually during late May, June and July.

ALBA. A pure white variety. BRIZOIDES. Has the same foliage and habit as Heuchera sanguinea but the flower is pale pink, though three times as many flowers are produced.	1.25	8.00
Blooms in May.	1.25	8.00
CASCADE. Light pink flowers, begonia like foliage.	2.00	15.00
EDGE HALL. Flesh-pink bells, and prominent yel-		
low flowers.	2.00	15.00
LA PERLE. Dark Red. 1½ feet.	2.00	15.00
ROSEMONDI. Coral pink flowers. 1 to 1½ feet.	2.00	15.00
PLUIE D. FEU. Very large rich scarlet flowers. Very		
free flowering,	1.50	10.00
SANGUINEA, Brilliant coral red. Very ornamental.	1.25	8.00
SANGUINEA SPLENDENS. Nice for cutting. Bright		
scarlet crimson.	1.25	8.00
SANGUINEA THE SHIRLEY. Bright red flowers,		
free and continuous bloomer,	2.00	15.00
SATERNATA. Flower heads extra heavy, outer petals deep wine red. delicate white margins, light		
yellow stamens in the inner petals. Height 2 feet.	2.00	15.00

HESPERIS

Sweet Rocket

MATRONALIS. 2 to 3 feet. June and July. Fragrant		
purple flowers in showy spikes. Desirable for wild		
garden, shrubbery or mixed border.	.85	6.00
MATRONALIS ALBA. A white flowered form of the		
above named sort. Also sweet scented and fine		
in border.	.85	6.00

HIBISCUS

Mallow.

CRIMSON EYE Of quick, shrubby growth to 5		
feet, bearing quantities of large open flowers like single Hollyhocks; white with prominent crimson		
throat.	.75	5.00
MOSCHEUTOS. Large bright pink flowers, on bushes		
about 4 feet high.	.75	5.00
MALLOW MARVELS MIXED. A mixture of colors	75	5.00

HOLLYHOCKS

Stately, majestic hardy plants, from 6 to 8 feet high, which are a necessary part of every old-fashioned garden and should find a place interspersed with shrubbery as clumps on the lawn or in the mixed border, where their colossal spikes of bloom produce bold and showy effects, which cannot be secured with any other flowering plant.

We have this season a fine lot of strong, clean, healthy vigorous one-year-old flowering plants of the finest strains.

ALLEGHENY MIXED. Mammoth flowers, with		
fringed petals.	.85	6.00
DOUBLE PINK.	.85	6.00
DOUBLE WHITE,	.85	6 0 0
DOUBLE RED.	.85	6.00
DOUBLE MAROON.	.85	6.00
DOUBLE YELLOW.	.85	6.00
SOINGLE. Separate colors as follows:		
Red.	.85	6.00
White.	.85	6.00
Salmon.	.85	6.00
Yellow,	,85	6,00

HYPERICUM

St. John's Wort

Most desirable border plants of free and graceful habit producing long slender much branched stems, leafy to the base and all drooping towards the ends, apparently from the weight of the flower and buds, although the flowers face so none of their beauty is lost.

	10	100
CALYCINUM. Similar to Moserianum, except that it	10	100
makes underground runners, which when they come		
up, produce a beautiful carpet of green covered		
with large yellow blossoms Really a ground		
cover, hardiest of all excellent dwarf shrub.	1.25	8 00
FRAGILE. Pretty Alpine Species, yellow flowers		
in abundance.	1.00	7.00
OLYMPICUM. Neat dwarf species, golden yellow		
flowers.	1.00	7.00
flowers. REPENS. Fine fern-like foliage, with small yellow	1.00	
flowers.	1.00	7.00
HENRYII. A species from China, very fine yellow		••••
flowers.	1.25	8.00

HYSOPUS

OFFICINALIS.	Cultivated for	medicinal purposes		
and also as	an ornamental	border plant. Rosc		
flowers.			1.25	8.00

IBERIS

Hardy Candytuft

Most desirable dwarf plants 8 to 10 inches across with evergreen foliage, which is completely hidden with dense heads of flowers early in the Spring.

GIBRALTARICA. Very desirable dwarf plant v		
evergreen foliage, covered by dense heads of fl		
ers in early spring; height 8 inches.	1.00	7.00
LITTLE GEM. Dwarf pure white flowers in J	une.	*
Its uniform neat habit makes it one of our	best	
rock or edging plants. Perfectly hardy.	1.25	8.00
SEMPERVIRENS. Very dwarf, covered with a si		
of white. Perfectly hardy. Height 6 to 8 inches		8.00
	~ ~ <u> </u>	0.00

INULA Fleabane

ENSIFOLIA. Yellow, very free, 1½ feet. July and		
August.	1.50	10.00
HIRTA. Stems 12 to 15 inches high with brilliant		
flowers in July and August. A splendid plant for in		
front of the hardy border. Very easily grown.	1 50	15.00
GRAND GOLDEN BEAUTY. Free flowering border		
plants with yellow flowers.	1.50	10.00

INCARVILLEA

Trumpet Flower.

Fleshy rooted perennials of striking beauty. They have pretty coarsely toothed or pinnate leaves and showy trumpet shaped flowers borne in terminal racemes. Choice plants for the sunny border.

GRANDIFLORA. Very fine novelty, flowers bril-		
liant rose, dwarf habit.	2.00	15.00
DELAVAYI. Large Gloxinia-like florets, rosy-purple.		
Very handsome.	2.00	15 00
GRAND BREVIPES. Large brilliant crimson-rose		
flowers. Handsome novelty,		15.00
GRAND AMARANTH. A true Amaranth. A distinct	- 00	
beauty.		20.00

ORDER EARLY

If you are contemplating making a planting of perennials, it is advisable to work out your list of varieties and place your orders early in the season. This assures you of receiving the perennials in which you happen to be interested.

Iris Germanica German Iris

HERE are so many varieties of German Iris grown that it is almost impossible to say that any special list is the best. We have selected Iris and taken on only the varieties which in our judgment are distinct and worthy of cultivation. We feel that the list offered herewith covers the color range and includes the best of the outstanding standard varieties; also the old favorites.

best of the outstanding standard varieties; als	o the old	d favorites.		
	Per Per		Per	Per
AMBASSADEUR. S. a fascinating smoky velvety purple color; F. velvety purple-maroon; beards and style yellow. A magnificent and regal flower of great substance. 48 inches.	10 100 .60 5.00	LORD OF JUNE. A very handsome Iris of largest size that is one of the most effective show varieties, either in the garden or as a cut stalk. S. very broad and fioppy, light chickory blue; F.	10	100
ARCHEVEQUE. S. Deep rich purple-violet; F. flaring, velvety raisin purple, tinged crimson, beard yellow tipped brown. A medium sized flower of good form and an unusually rich color of the falls,	.60 5.00	drooping lavender-violet; haft marked with widely spaced reticulations of old gold. Stalks low and widely branched, with several flowers open at once. 36 inches.	.60	5.00
which is much admired. ASIA S., broad massive, pale silvery lavender, deep-	.50 4.00	MAGNIFICA. Fragrant rich color, perfect form, majestic bearing,t gigantic size and heavy texture. Crimson toned bicolor.	.75	6.00
ening at base to golden yellow; F. pale red-purple lighter toward margin; prominent bright golden yeliow beard. Very large, of pleasing shape, free flowering, unusually good substance lasting long in flower. A strong vigorous grower on very tall, fairly strong stalks. An Iris unsurpassed in form		MADAM CHOBAUT. M. S. to L. S. cream shaded buff and plnk, edged lilac; F. white, edged vioiet; or- ange beard; sweetly scented. A strong growing free flowering plicata which has displaced many other similar and higher priced varieties.	.40	3.00
	1.50 10.00	MRS. NEUBRONNER. S. rich orange yellow, F.	.10	3.00
CANDELABRA. Large and striking. Standards light mauve dusted with violet; scapes silvery white. Falls perfectly limp with sharply defined veins converging to a solid blotch of almost black violet		slightly lighter orange beard. A small beautiful deep golden, almost a self. Most effective in mass with low growing violet and purple tones. MONSIGNOR. It possesses a distinctive and pleasing	.40	3.00
at the ends. CAPRICE. A self-colored flower with standards phlox-purple and fails slightly deeper in color, shading to bluish white at the haft, heavily vein-	.40 3.00	shape, rich coloring and a dark outline to the segments for emphasis. Standards violet; falls heavily voined purple, leaving a border of the vlolet; late to flower.	.50	4.00
ed. Biooms of medium size are freely produced on widely-branched stems 20 inches tall. A distinct grape fragrance. None of the so-called "improve-		OPERA. S. red purple, F. purple violet, reddishorange-yellow beard. A vigorous free flowering variety of medium size, fine form and color.	.50	4.00
ments" are as dependable as this good old garden Iris. (ECIL MINTURN. Soft cattleya-rose self; pale yellow board timed country. Pright pink offert in	.40 3.00	PIONEER. A velvety red-purple self. One of the good red-toned Iris. Very fragrant. It is a strong vigorous grower, well-brancher stems, very free flowering ever a long-point.	75	c 00
low beard tipped olange. Bright pink effect in mass. Medium size, very free flowering and prolific, an improvement on Her Majesty, being one of the best light pinks for landscape purposes.	.60 5.00	flowcring over a long period. PRIMROSE. S. amber yellow; F. flaring, brighter barium yellow, center clear lemon yellow. A deep clear yellow almost a self. A flower of wonderful	.75	6.00
CORRIDA. A clear light blue self. A flower of medium size, very free flowering over a long period; very effective in mass. A desirable late blue		form and brilliant color. One of the most desirable yellows. PROSPERO. A large blended violet bicolor with	1.00	7.00
of good form and habits of growth. ELDORADO. A yellow and helltrope blend with shades of bronze and violet; purple; rich orange beard. Very free flowering, medium sized flower,	.85 6.00	smoothly rounded falls. In a class with Asia which it resembles. S. pale lavender flushed yellow at base, F. dcep red-purple with light shading at margin.	.60	5.00
GOLD IMPERIAL. A fine chrome yellow self; conspicuous orange beard. A vigorous free flowering,	.40 3.00	PROSPER LAUGIER. S. light bronze red, F. velvety ruby purple, with white beard yellow tipped. Very handsome, vigorous growth.	.40	3.00
medium sized flower of unusually clear coloring, with a rare finish and form. HER MAJESTY. M. S. to L. S. pale coppery pink, F. spreading of a deeper shade, heavily velned at the	.60 5.00	GUAKER LADY. S. smokey lavender, shaded yellow, F. biue and gold with bronze and yellow markings at base: orange beard. A beautiful, free flowering blend of medium size with rare form and finish.	.40	3.00
haft and margin. Conspicuous yeliow orange beard. A delightful rose pink in mass not unlike Queen of May.	.50 4.00	QUEEN CATERINA. Fale lavender-violet with orange beard. White haft veined with bronze. A strong grower.	.50	4.00
IMPERATOR. L. S. clear violet tinted buff; F. beautiful shade of reddish-violet reticulated red brown at the throat, orange beard, on the order of Ember and Seminole. A very free flowering variety of		SHEKINAH. A delightful shade of pale yellow, shading to amber in the throat, with a lemon colored beard. This is a true yellow Pallida and the first of the type. A most uncommon and very handsome		
great beauty. shot and veined with gold, golden yellow crest; ISOLENE. S. silvery rose, flushed bronze; F. mauve, bright golden beard; sweetly scented. A distinct	.50 4.00		.40	3.00 4.00
and charming Iris with fair habits, producing flowers of good substance. A blend of merit. KATHERINE FRYER. L. S. Very large clear strawberry yellow, F. velvety maroon red with heavy	.75 6.00	striking in effect. W. J. FRYER. S. large, bright yellow, F. maroon	.50	4.00
creamed white reticulations, orange beard sweetly scented. A vigorous tall growing free flowering and showy variegata.	.50 4.00	with narrow yellow border; center overshadowed with violet. Stalk inclined to be weak.	.50	4.00
LENT A. WILLIAMSON. Early. Rated in 1922 by the American Iris society as the finest Iris in the world. Campanula violet and velvety royal purple. Brilliant gold beard. Massive in growth and flower.	.50 4.00	Iris Siberica Siber	rian	Iris
LOHENGRIN. A rich silver lilac Iris which shows a delightful pink tone in the early hours of the morning and also again in the late afternoon. It		SIBERICA. The flowers resemble the Spanish and English Iris. These make a bright show in the		
has splendid stiff stems, and is one of the best landscape Iriscs in the world. LORELY. Perfect-shaped flowers, fails of a deep ultra marine blue more or less veined with creamy-	.40 3.00	garden and are excellent for cutting. They can be cut when in bud and will fully develop in water, blooming from the later part of May until the end	.50	4.00
white and bordered sulphur yellow, making a beautiful contrast.	.40 3.00	of June, purplish blue flowers. 3 feet. SIBERICA ALBA Pure white; three feet.	.50	4.00

Iris Kaempferi Japan Iris

We have maintained our up-to-date cultivation and kept up our plantings of all the outstanding good varieties. In order to take care of our customers who are annually listing Japanese Iris in their catalogs, we must produce these on a large scale. This method of growing makes it possible for us to offer to our smaller buyers rea' good varieties of Japanese Iris at reasonable prices. Accordingly, we ask that you take advantage of our low prices. We are sure that you will find every plant offered a good bargain.

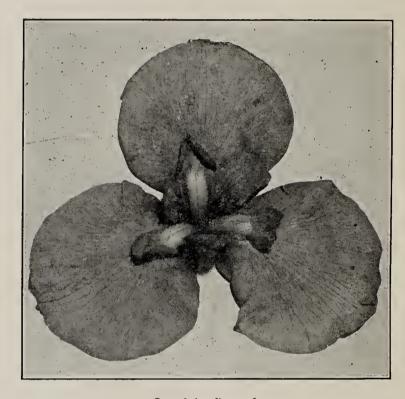

We wish to state we annual'y make purchases of all the newer introductions. From these we select only what in our opinion are worthy of cultivation. You may rest assured any variety selected from this catalog is a good worthwhile sort.

You will be proud of your purchase when the first crop of flowers appears.

LIATRIS

Blazing Star or Gayfeather

CALLIOPSIS. A compact type, flowers rich crimson

LILIUM		
SPICATA. Purple flowers on spikes 6 to 15 inches long. 2 to 3 feet. July and September.	1.00	7.00
	1.00	7. 00
SCARIOSA, (Early Type). Similar to above except it flowers in early August and grows from 2 to 3		
SCARIOSA (Late Type). This is a much showier form than is usually sent out for this plant. It has large, showy purple heads and flowers much later than the others. A very imposing form. September. 4 to 5 feet.	1.25	8.00
PYCNOSTACHYA. A perfectly hardy perennial of luxuriant growth, doing well in any kind of soil, poor or rich, moist or dry, producing richly colored purple flowers on stout stalks 6 feet high in graceful spikes one foot long. In bloom during July and August. First rate cut flowers.	1.00	7.00
GRAND DUBOIS. Tail showy plant, flowers red, in long spikes.	1.25	8.00
growing to a height from 2 to 3 feet. About two weeks earlier than Pycnostachya.	1.25	8.00

AURATUM (Gold-Banded Japan Lily). Undoubt-		
edly one of the finest. Its large graceful, fragrant		
flowers are composed of six petals of a delicate		
ivory-white color, thickly studded with chocolate-		
crimson spots and striped through the center a		
golden yellow; 3 to 5 feet. July to September.	1.50	12.00
ALBUM. About the same as the well-known Lilium Speciosum Rubrum except that the flowers are		
white. August and September.	1 50	10.00
	1.50	12.00
CERNUM. Lovely pink flowers, pine-leaved. We		
consider this an interesting novelty in the assort-		
ment of Hardy Lilies in cultivation. As far as we		
know, it is an origination of Japan. Nature of		
growth is similar to the variety Tennuifolium, how-		
ever, it is much stronger, producing from 5 to 10		
flowers to each stem.	2.00	15.00

CONCOLOR. Upright scarlet-crimson flowers; lovely. 2.00 15.00

	10	100
DAVARICUM. Flowers of rich orange shade, flushed red and spotted black. June and July. 2 feet.	1.50	10.00
ELEGANS. Very hardy dwarf lilies, erect flowers of orange and red.	1.50	10.00
HENRYI. Rich deep orange-yellow flowers, a beautiful Lily.	2.00	15.00
PHILLIPPINENSE FROMOSANUM. Bears on a stender leafy stcm, one long white trumpet-shaped flower, with reflexing petals. REGALE OR MYRIOPHYLLUM. The Regale Lily.	2.00	15.00
Large white trumpet slightly suffused with pink outside and a beautiful shade of canary yellow center. Stigma and stamens bright orange. With out question this is the most beautiful out-of-doors Lily.		
4-5 in.	.85	6.00
6-7 in.		10.00
SPECIOSIM DUPDIN Large does wink quested	1,00	
speciosum rubrum. Large deep pink, spotted crimson, growing fine out-of-doors. For reason of its desirable color it is lovely in any planting of perennials or in front of shrubbery. Also valuable		
for florists' cutting.	1.50	12.00
SUPERBUM (Swamp Lily). Graceful stems five to six feet, terminating in a pyramid of bright orange crimson flowers.	1.00	7.00
TIGKINUM VAR. SPLENDENS. By far the best form of Tiger Lily we have had. It is taller with handsome, large flowers and a much healthier plant.	1.25	8.00
TIGRINUM FL PL (Double Tiger Lily). Same as above only flowers are double.	1.50	10.00
UMBELLATUM ERECTUM. Red, flushed orange, tall and vigorous.	1.50	10.00
VENTUSUM FUJARATA. A little on the order of the Tiger Lily, flowering about two weeks in ad- vance, producing from 5 to 10 flowers on each stem. Instead of the flowers being heavily marked, the markings on this variety are soft and the eolor more pleasing, having fine foliage contrasting well with the orange shadings of the flowers. We believe		
this Lily is worthy of much praise. WILMOTTIAE. A pretty free-flowering species from China; of graceful habit with rich green, slender foliage and bearing about twenty brilliant orangered flowers measuring 3 inches across with recurved petals freely dotted with brownish spots. Height 4 feet.		15.00 15.00
	_,,,,	_,,,,,

LILY-OF-THE-VALLEY

Convallaria

The most familiar hardy perennial we list. An ex	
cellent plant for shady situations. Spikes from	
to 10 inches high. Small bell shaped pure whit	
flowers, blooming in early Spring. Very fragran	
3 year clumps.	2.00

LINUM

FLAX

A desirable plant for the border or rockery growing about 2 feet high with light graceful foliage and large flowers, all Summer.

CAPITATUM. Distinct and beautiful plant, with

large flat heads of golden yellow flowers, freely		
produced in early Summer.	.85	6.00
LEWESII. Fine green foliage with small yellow flowers.	.85	6.00
NARBONNENSE. Forms a spreading clump of attractive foliage with a profusion of azure-blue flowers with white eye. Very handsome for the		
rockery.	.85	6.00
PERENNE. May-August. Very attractive both in fol-		
iage and bloom. Flowers beautiful pale blue on slender graceful stems.	.85	6.00
PERENNE ALBA. Milk white flowers very decorative.	.75	5.00

LINARIA

Toad Flax

MACEDONICA S		Cream	colored	flowers,		
haudsome varie	etv.				1.00	7.00

LOBELIA

Indian Paintbrush

Handsome border plants thriving in any ordinary garden soil, but preferring a moist deep loam. Season August till late September.

	$rac{ ext{Per}}{10}$	$\frac{Pe}{10}$
CARDINALIS, (Cardinal Flower). Handsome border plants. Rich fiery cardinal flowers, strong plants,		
often producing 10 to 18 spikes, 24 to 30 inches		
long. Thriving in any ordinary garden soil, but pre- ferring a moist, deep loam, where they will not suf-		
fer from drought. Few plants are more effective at their season of bloom, which extends from early		
August till late in September.	1.00	7.0
SYPHILITICA , (Great Lobelia). A choice selection of our native Lobelia with large spikes of blue flow-		
ers; July to September.	1.00	7.0

LYCHNIS

1.00 7.00

Campion

A FINE old-fashioned flower, bearing large heads of brilliantly colored flowers, that liven up the border during Summer and early Autumn.

ALPINA. Red purple, very dwarf neat rock plant.	1.00	7.00
CHALCEDONICA. Heads of vivid scarlet flowers, blooming a long time. One of the brightest plants		
in the hardy border. 3 feet.	.85	6.00
CORONARIA ALBA. Pure white, very pretty, continuous. 2 feet. June-August.	.85	6.00
HAAGEANA. Large brilliant scarlet flowers, very fine. 1 foot. June-August. Flowers nearly two		
inches across,	1.25	8.00

Lupine Polyphyllus

LYCHNIS VISCARIA FL. PL. An exceptional perennial, with such distinctiveness when in flower, it attracts the attention from a great distance. The plants are made up with long narrow foliage, producing vermillion red flower on stems 14 in in length. As a garden flower for show purposes it cannot be beat. The flowers can also be cut and used in vases. We very highly recommend it. If you are not acquainted with it, we advise that you place a trial order. You will surely be pleased. 1.50 10.00 VISCARIA SPLENDENS. Brilliant red. .85 6.00

LUPINUS

THE Lupines produce beautiful long spikes of pea shaped flowers about a foot long on stems three feet high. They are perfectly hardy but cannot endure drought and must be planted in well prepared soil and kept watered in dry

POLYPHYLLUS. Blue, Rose and White separate. 1.50 10.00

LYSCHMACHIA

Loosestrife

CILIATA, (Lookup). Yellow flowers.	Useful	plant	for w	et spot.	1.00	7 00
VULGARIS. Height 2 f	leet, larg	e oval	shaped	leaves.	1.00	7 00

LYTHRUM

Purple Loosestrife

ROSEUM SUPERBUM.		splendid	for		
banks of streams and	ponds.	_		1.00	7.00

MATRICARIA

Feverfew

CAPENSIS ALBA. Small daisy-like white			
Very pretty fern-like foliage. A splendld	peaging		
plant. Forms a mass of bloom, 15 inches.		.85	6.00
GOLDEN BALL. A dwarf golden yellow	border		
plant. Forms a mass of bloom. 10 inches.		1.00	7.00

MAZUS

REPTANS. A dwarf and interesting alpine plant,
covered in early Spring with dainty lilac flowers,
with a small white lip borne just above the foli-
age. A very attractive subject for the rock garden.
Thrives best in well drained sandy soil; will grow
well in light shade.

MERTENSIA

		ebells). A foot or two high		
with dark	green foliage	and loose panicles of rich		
blue-rose ti	nted flowers	in early Spring.	1.00	7.00

MICROMERIA

RUPESTRIS. 💎	An attracti	ve Thyme	e-like pr	ostrate-	
bushlet with	pleasantly	pungent	foliage.	Good	
for the rocke					10 00

MONARDA OR BERGAMOT

Oswego Tea

SHOWY plants growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage and producing their bright flowers during July and August. The flowers are borne in close heads or whorls, and the leaves are more or less fragrant.

DIDYMA, CAMBRIDGE SCARLET. Brilliant crimson, flowers are produced freely from June until August. A good plant for wild garden as well as border. 2½ feet.

MYOSOTIS

Forget-Me-Not

EARLY everyone is familiar with the Forget-me-not which makes such beautiful pictures in the garden in early Spring. They are charming in border, rock garden, or by the waterside. They all like shade and a fair amount of moisture; use them freely as a ground cover for your Tulip or other bulb beds.

ALPESTRIS ALBA. Pretty Spring bedder, white	10	100
flowers.	.85	6.00
ALPESTRIS ROSEA. Pale rose flowers.	1.00	7.00
PALUSTRIS. The pretty common Water Forget-me Not.	.85	6.00
PALUSTRIS SEMPERFLORENS. Large, rich blue flowers with yellow eye; a charming plant for damp places and a more profuse bloomer than the		
alpestris.	.85	6.00

NEPETA

Ground Ivy or Catmint

1.00 7.00

8.00

8.00

MUSSINI. A most desirable border or rock plant with gray green foliage and covered with masses of pale lavender blue flowers, all Spring and intermittently during the summer. I foot high and has a spread of 12 to 15 inches. Is a splendid ground cover and succeeds well in any soil or location. Especially useful in dry sunny slopes to prevent washing. Best grown in masses.

NERVOSA. A splendid plant for the larger type of rock garden and much superior for this purpose to Nepeta Mussini. The flowers are of a clear light blue, and have a brighter and more attractive effect. The plant continues in bloom from midsummer until early autumn.

SOUV. DE CHAUDRON. Large rich lilae blue flowers. 1 foot. June-September.

FRASERI. Pale yellow flowers on 12-inch stems

OENOTHERA

Evening Primrose

ELEGANT for a sunny position in the border or on the rockery, blooming all summer.

from June till October.	1.00	7.00
FRUTICOSA MAJOR. A strong growing plant, forming a dense bushlike specimen; flowers deep yellow, in profusion on 24-inch stems from June until		
September.	1.00	7.00
MISSOURIENSIS. 10 inches. June to August. A low species with prostrate ascending branches profuse bloomer. Solitary flowers often 4 inches across.	1.00	7.00
YOUNGH. A strong, stocky, large-leaved plant with firm shiny foliage, numerous bright lemon-yellow flowers on stems about 24 inches tall from June to		
August.	1.00	7.00

PARDANTHUS

Blackberry Lily

CHINENSIS. Flowers orange colored, spotted black on 24-inch stems. A lovely old-fashioned flower for the hardy border. July, August. 1.50 10.00

PACHYSANDRA

Japanese Spurge

TERMINALIS. One of the best ground covering plants, averaging 6 to 8 inches in height and branching freely into a dense mat. Its shapely indented foliage is practically evergreen; thick, rubbery, lustrous dark green. It bears small spikes of light colored flowers during May and June. As a border for walks and drives it is most attractive; also splendid for steep slopes in sun or shade and for dense shade under any kind of trees.

1.00 7.00

PAPAVER NUDICAULE

Iceland Poppy

THESE plants are of neat habit, forming a tuft of bright green foliage, from which spring, throughout the entire season, a profusion of slender, leafless stems 1 foot high, each graced with charming cup-shaped flowers. Very valuable in the sunny border or rock garden. Their brilliant flowers are produced all summer.

MRS. PERRY. Orange-apricot, and a very fine variety, the best of all the "Pink Poppies."	1.50	10.00
ORIENTALE (Oriental Poppy). Tremendous scar- let, cup-shaped blooms of brightest crimson- scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower		
ean provide.	1.00	7.00

PENTSTEMON

Beard-Tongue

REW genera among the popular hardy perennials afford a greater number that are so attractive. Their natural gracefulness, variety of colors, and great abundance of flowers make them useful in many places. Though hardy as a rule, too much frost with an excess of moisture in winter seems to be fatal to most of this genus. The flowers are tubular and foxglove in shape.

BARBATUS TORREYI. Spikes two feet long of

did ut flower, lasting for several days in water.	1.00	7.00

PEONIES

A few years ago a nice planting of Peonies represented a large investment. We believe on many varieties the prices were too high. We have propagated our Peonies until we accumulated large quantities of the varieties listed herewith. The result is we are now able to offer these to you at very reasonable prices. Our plants are free from disease, producing good healthy growth and maximum crops of flowers. We supply extra strong 3-5 eye divisions. Considering the quality we ship out, we are sure you will find our Peonies excellent values. Please note attractive prices.

Peony, Therese

- ALBATRE. A magnificent flower which opens like a rose. Pure white with a few pencilings of carmine on the edge of center petals. Fragrant; crown type; late midseason. An old variety, but one that will stand comparison with anything there is Per 10 \$2.00; Per 100 \$15.00.
- ALBERT CROUSSE. Very fresh salmon-pink, delicate color. Large compact bomb shape. Per 10 \$2.50; Per 100 \$20.00.
- ALEXANDER DUMAS. A brilliant pink, Interspersed with salmon, white and chamois. Early, very profuse bloomer, and very rigid plant. One of the greatest bloomers of all. Per 10 \$2.00; Per 100 \$15.00.
- ALEXANDRIANA. Very large, full, double, rose type flower of light violet-rose, shaded lighter at the tips of the petals. A strong, upright grower and free bloomer. Early. Per 10 \$2.00: Per 100 \$15.00
- lighter at the tips of the petals. A strong, upright grower and free bloomer. Early. Per 10 \$2.00; Per 100 \$15.00.

 AUGUSTINE D'HOUR. Bomb type; midseason. Very deep, rich, brilliant solferino-red red with slight silvery reflec. Per 10 \$4.00; Per 100 \$30.00.
- Per 10 \$4.00; Per 100 \$30.00.

 BARONESS SCHROEDER. Rose type; late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chaliceshaped center are freely produced, lasting a long time. Very fragrant. Per 10 \$2.00; Per 100 \$15.00.
- Per 100 \$15.00.

 CHARLES McKELLIPP. Crown type; mldseason. Open rose-shaped and develops into crown type. The Irregular rich crimson petals of the center are mingled with gold stamens and surrounded by rows of broad silky guard petals. It has a charm peculiarly its own. Per 10 \$2.00; Per 100 \$15.00.
- CHESTINE GOWDY Crown type; late midseason. The broad outer petals are silvery pink. These enclose a zone of five lrregularly shaped petals of deep rich cream. which in turn surround a prominent cone of broad pink petals splashed and tipped with crimson. One of the best varieties for cut flowers. Per 10 \$2.00; Per 100 \$15.00.
- ELWOOD PLEAS. Rose-type flower. It is of largest size, flat and full double, and is a shade of light shell-pink, with a lavender tone, that is very delicate and yet does not fade out in the sun. Its flowers last a long time and are fragrant. Per 10 \$2.00; Per 100 \$15.00.
- EUGENIE VERDIER. Late. Very large, compact blooms of pale hydrangea pink, with outer guard petals of lilac white. Per 10 \$1.50; Per 100 \$10.00.

Peony, Karl Rosenfield

Peony, Mons Jules Elie

- FELIX CROUSSE. Large, typical bomb-type flower of clear, brilliant red, coming in late midseason. The guard petals are prominent, surrounding a large, globular center of even coloring. It is a strong, vigorous plant of spreading habit. Per 10 \$1.50; Per 100 \$10.00.
- FESTIVA MAXIMA. Paper white; crimson markings in center. Very large and full, rose type; very tall, strong growth. Early. Per 10 \$1.50; Per 100 \$10.00.
- type flower of deliate salmonpink. Per 10 \$1.50; Per 100 \$10.00.
- FUYAJO (Japan). One of the most distinct of all Japanese varieties. Outer petals dark rich mahogany-red surrounding a full center of broad transformed flat petaloids of same dark red; tipped chamois. Per 10 \$7.00; Per 100 \$60.00.
- GERMAINE BIGOT. Very large, mid-season to late; a royal variety. Most excellent pink. Per 10 \$1.50; Per 100 \$10.00.
- JUBILEE. Rose type; midseason. Buds show delicate opal tints; as they unfold the color changes to ivory-white. Unlike other Peony buds which are round, these are pointed like a rose. Per 10 \$2.00; Per 100 \$15.00.
- KARL ROSENFIELD. A better Peony and a better quality of red than any of the older red sorts; pure, rich, intense crimson, of half-rose type. It makes and remains a splendid full rounded flower of excellent substance; equally valuable as cut flowers or garden glow. Per 10 \$2.00; Per 100 \$15.00.
- KELWAY'S QUEEN. Fragrant flesh pink. Per 10 \$4.00; Per 10 \$4.00;
- LA FEE (Lemoine—"The Fairy") Crown type; early. Very large globular flowers. Guards mauve-rose, collar creamy white. Per 10 \$3.00; Per 100 \$25.00.
- LA PERLE. Very large flowers, compact rose type. Outer petals are delicate lilac white inclosing a globular center of soft violet rose wide petals. Per 10 \$1.50; Per 100 \$10.00.
- LONGFELLOW. Brightest crimson with a cherry tone. The plant is tall and vigorous with strong upright stems and a pleasing foliage. Per 10 \$3.00; Per 100 \$25.00.
- LORD KITCHENER. Bomb type flowers, bright cherry-red. Midseason. Per 10 \$3.00; Per 100 \$25.00.
- marie crousse. Bomb type; midseason. Color soft salmonpink shaded a glossy satiny lilac. A most desirable Peony. Per 10 \$2.00; Per 100 \$15.00.

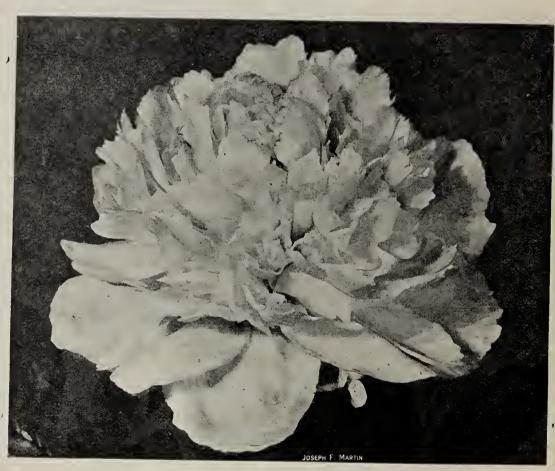

- MARIE JACQUIN. The waterlily Peony. Semi-double, cupshaped white flowers, borne in great profusion. Beautiful landscape variety. Midseason. Per 10 \$2.00; Per 100 \$15.00.
- MARTHA BULLOCH. Silvery shell pink at the edges, shading to deep rose pink in the center. Per 10 \$4.00; Per 100 \$30.00.
- MARY BRAND. Large semi-rose type; midseason. Vivid crimson with a silvery sheen that gives it great brilliance. Per 10 \$3.00; Per 100 \$25.00.
- MILTON HILL. Rose type; late. Flowers large, cupped, clear soft flesh color. Turns nearly white in full sunlight before fading. One of the finest varieties in existence. Per 10 \$3.00; Per 100 \$25.00.
- MADAM CROUSSE. Its flowers are medium to large in size, globular crown type, and the prominent guard petals and a few of the collar petals reflex to the stem on well-developed blooms. In color, it is uniform pure white, with the center petals occasionally flecked crimson. The plant is of medium height and slightly spreading habit, with strong stems. One of the best of the older white Peonies that is worthy of a place in any garden and suitable for landscape use. Per 10 \$1.50; Per 100 \$10.00.

- MME. DUCEL. Pink of medium shade with silvery reflex. Bomb type, resembling the famous Mons. Jules Elie. Very desirable. Strong grower, medium height. Per 10 \$2.00; Per 100 \$15.00.
- MME. EMILE LEMOINE. Large, full blooms of soft flesh-white. Petals have a rather translucent effect. Tall, strong stems. Mid-season. Per 10 \$2.00; Per 100 \$15.00.
- MME. JULES DESSERT. Large, flat semi-rose type. Flowers are delicate flesh pink, shading to straw white. Per 10 \$2.50; Per 100 \$20.00.
- MODESTE GUERIN. A typical Bomb-type flower of light solferino-red that comes in early mid-season. Fragrant. A strong plant of medium height with good stems that hold the blooms well upright. This is the best of the early deep-pink varieties. Equally good for the landscape or for cut-flowers. Per 10 \$1.50; Per 100 \$10.00.
- shaped flower, ivory white, center petals splashed with carmine. A strong grower, very tall; mid-season. Very good. Per 10 \$2.00; Per 100 \$15.00.

Peony, Primevere

Peony, La Perle

Peony, La Fee

mons Jules Elie. Bomb type; carly midseason. King of all Pconies. Color an ideal glossy lilac-pink, shading to a deeper rose at the base, the entire flower overlaid with a sheen of silver. Ideal for cut flowers. Per 10 \$2.00; Per 100 \$15.00.

MONS MARTIN CAHUZAC. Medium size, globular, semi-rose type, dark purple-garnet with black reflex. Per 10 \$5.00; Per 100 \$40.00.

NELLIE. A very large flower of uniform shell-pink. The petals are long and rounded, symmetrically arranged around the center of yellow stamens. Medium tall grower. Per 10 \$2.00; Per 100 \$15.00.

PHILOMELE. Anemone type; midseason, Guard or primary petals bright violet-rose, anemone center, of lingulated narrow golden -yellow petals changing to cream or amberyellow. As the flower develops a crown appears of bright rose edged dark crimson. Has the true honey fragrance; very strong, upright grower and fine bloomer. Distinct and novel. Per 10 \$2.00; Per 100 \$15.00.

PRESIDENT ROOSEVELT. Semirose type; mid-season. A variety purchased in England under number and named in Holland for our ex-President. It is deep, rich, brilliant red in color, different from any red we know, and a grand Peony. Per 10 \$2.00; Pcr 100 \$15.00.

PRINCESS BEATRICE. Large, compact high crown. Guards and crown light violet-rose, collar cream-white, center flecked crimson. Fragrant. Strong, vigorous, medium height, very free bloomer. Early mid-season. Extra good tricolor. Per 10 \$2.00; Per 100 \$15.00.

PRIMEVERE. Bomb type: midseason. Outer petals sulphur white, center petals deep sulphur yellow. Best yellow Peony grown. Per 10 \$5.00; Per 100 \$40.00.

PRESIDENT TAFT. Delicate hydrangea pink, completely enveloped in a halo of white. Profuse bloomer. Per 10 \$3.00; Per 100 \$25.00.

ROSA BONHEUR. Very large rose type flower. Light violetrose, guard petals are flecked crimson. Late Midseason. Per 10 \$3.50; Per 100 \$30.00.

RUBRA SUPERBA. Very late dark rcd flower of informal rose type. Deep rose-carmine that does not fade. Per 10 \$2.00; Per 100 \$15.00.

SARAH BERNAHARDT. Semirose typc. Mid-season. Apple blossom pink, with each petal silver tipped. Per 10 \$250; Per 100 \$20.00.

solange. Flowers very large, compact; rose type; outer petals delicate waxy white, deepening toward the center with shades of orange and golden brown. Per 10 \$3.50; Per 100 \$30.00.

SOUV. DE CHAS. GOMBAULT. One of the most outstanding varieties. It is tricolor, flowers are built up crown shaped, fine lasting qualities. It is much admired for its beauty; at the same time it is different than the general list of the clear colors. We like it very much. Per 10 \$250; Per 100 \$20.00.

Peony, Milton Hill

THERESE. Rose stype; Mid-season. One of the three highest rated Peonies. Color rich satiny pink with glossy reflex. Flowers are enormous in size of full rose type. Sturdy vigorous grower with upright stems and rich green foliage. Delicately fragrant. Per 10 \$350; Per 100 \$30.00.

flower. Opalescent pearly white, suffused with shades of delicate salmon and Le Francerose. Per 10 \$3.50; Per 100 \$30.00.

UMBELLATA ROSEA. Rose type; very early. Large flower, guards laid with delicate salmon and Le France pink tints. Exquisitely beautiful in form and color. Per 10 \$2.00; Per 100 \$15.00.

walter faxon. Color is soft coral-pink, shaded lighter at the ends of the petals and deeper rose-pink at base. The concealed golden stamens add a salmon reflection through the pink of the petals. It is medium tall and vigorous. Mid-season. As a show flower, it is one of the most distinct Peonies and should rate at the top of all pinks. Per 10 \$350; Per 100 \$30.00.

PHLOX SUBULATA

Moss Pinks

A N EARLY Spring-flowering type with pretty mosslike, evergreen foliage, which during the flowering season, in April and May, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

for carpeting the ground of covering graves.		
ALBA. Pure white flowers completely covering the neat compact plant in May; a lovely thing for the rock garden.	.85	6.00
ATROPURPUREA. A distinct form of Phlox subulata, a very free bloomer; strong grower and of the color of Phlox decussata, B. Compte, with a slight-		
ly darker eye. When in bloom it stands out stril ingly and can be distinguished by its deeper red from any other form of Subulata.		10.00
BLUE HILL. Uniform compact grower, giving early and late Fall crop of deep blue flowers. In our judgment it 's by far the best Subulata. Nice field grown clumps.	1.50	10.00
FAIRY. Pale blue with dark purple eye; a beautiful little rock plant. Same habit as Vivid. Slow growing, neat in habit, with compact foliage, not	1.50	10.00
spreading like Lilacina.	1.00	7.00
G. F. WILSON. Soft lavender.	1.00	7.00
LILACINA. A strong growing, creeping variety suitable for bold masses in the rockery; completely govered with light lilac flowers in May; the fo-		
liage is lovely in winter.	1.00	7.00
MOERHEIMI. It has a compact growth, forming dwarf bushes with erect flower stems. The color		
is of a beautiful carmine-pink.	1.50	10.00

Rosea, we have discovered a year ago, a distinct type of pink. This type is well worth growing. It is a clear bright pink. A very good addition to the list of Subulatas now in cultivation.	10.00
ROSEA. Rose-pink. Fine for covering banks; thrives in hot, dry situations and blooms profusely.	6.00

n fiery red eye. We would inest free-flowering dwarf 1.50 10.00

OX SPECIES

SIS. One of our native thy of extensive planting, early in April and continularge, fragrant, lavender tes high.

purple flowers. SUPERBA. Long stems and beautiful lilac-pink flow-	.85	6.00
ers, quite distinct.	85	6.00

STATICE

Great Sea Lavender

LATIFOLIA. A most valuable plant either for the border or rockery with tufts of leathery leaves and immense candelabra-like heads, frequently 1½ feet high and 2 feet across, of purplish-biue minute flowers during July and August; these, if cut and dried, will last in perfect condition for months.

1.00 7.00

STATICE DUMOSA

The Finest Statice For Drying

Of great value to the Florist, in fact the most valuable of all Statices. In general appearance it resembles the well known Incana Nana variety, which when dried, is being imported from Germany and here used in immense quantities in wreaths and other floral work. Dumosa differs from Incana Nana in having larger individual florets, much brighter in color, clear silvery white when dry and lavender when fresh. The branched stalks are more than twice the size of Incana, the main stems twice as stout. For these reasons Dumosa is a highly valuable new variety. Height 20 inches. Perfectly hardy without any protection anywhere.

Per 10 \$1.50; Per 100 \$10.00

STOKESIA

Cornflower Aster

CYANEA. A fine hardy plant of the Aster family. Twelve to eighteen inches high, and very thrifty. Rich grant leaves, the flowers of a wonderful	10	100
shade of azure blue, the petals finely divided, good for cutting. August.	•	6.00
CYANEA ALBA. White form of the above.	.85	6.00

THALICTRUM

Meadow Rue

ERY graceful, pretty flowered plants, with fine cut foliage great favorites for planting in the hardy border. They are of easy cultivation in sun or shade.

ADIANTIFOLIUM. A beautiful variety, with foliage like the Maidenhair Fern and miniature white flowers in June; grows about 2 feet high.

AQUILEGIFOLIUM. Graceful foliage like that of Columbine and large plume-like white flowers. 3 feet. June-July.

GLAUCUM. Fine cut glaucous foliage. Brown-yellow flowers in June. 3 feet. .85 6.00 .85 6.00

THERMOPSIS

CAROLINIANA. A lovely lupine-like plant with rich green foliage growing about two feet high. In June and July, yellow pea-like flowers are produced in raccmes, six to twelve inches long. The general appearance is that of a yellow lupine.

THYMUS

Thyme

CITRIODORUS. Foliage has strong lemon fragrance. Excellent for rock garden. 4 inches. LANUGINOSUS, (Woolly Leaved). A species of Thyme with small, roundish leaves and rosy lilac flowers.	1.00	7.00
It is a desírable plant for edgings or in rock work. SERPYLLUM. Creeping, wiry stemmed variety used extensively for planting between stepping stones and in the rock gardens. Small, purple lilac bloom, flowering most of the summer. This delightful little plant makes a close, fragrant carpet that may be walked on freely without injury. Grows on hot,	1.00	7.00
dry, sunny banks where it is difficult to establish other plants. SERPYLLUM ALBUM (White Mountain Thyme).	1.00	7.00
Forms dense mats of dark green foliage and clouds of white flowers. SERPYLLUM SPLENDENS. A rapid, dwarf-growing variety; very hardy and excellent to cover bare	1.00	7.00
spots, also good for the edge of walks or in the rock garden. Bright purplish-red flowers. VULGARIS. Grown as a sweet herb; flowers small	1.00	7.00
lilac or purplish, in terminal, interrupted spikes; foliage very fragrant. June-July. Height 6 inches.	1.00	7.00

TRILLIUM

American Wood-Lily or Wake Robin

	he purple Trillium. A beautiful flower		
		.00 ′	7.00
	UM. Excellent for shady position in		
	order. Large pure white flowers in		
early Spring.	12 to 18 inches high.	.00 ′	7.00

TROLLIUS

The plants we offer are imported named varieties. This year is the first time we are able to place before you the following named varieties in good strong field grown material. Trollius should be planted as quickly as possible in the Fall. If they are in their permanent locations in early Spring, they will start growing immediately when the snow is off the ground. Field grown plants cannot be successfully handled in the Spring. Therefore for our Spring trade, we develop nice plants in 21/4 in. pots. Pot plants well established can be planted successfully.

FOR THIS FALL WE OFFER STRONG FIELD-GROWN CLUMPS

	10 100		10	100
ASIATICUS SALAMANDER. Large open flower,		GOLD QUELLE. Large globe flowers of a fine yellow

VALERIANA

Valerian; Garden Heliotrope

COCCINEA. Showy heads of old rose flowers in numbels on 12-inch stems just above the rich green foliage, are produced from June until October. A splendid plant for bold effects in the wall or rock garden; plants, if too large, may be severcly cut back without damage. Total height about 2 feet.

Veronica, Longifolia Subsessilis

SHIPPING AND HANDLING

All perennials are perishable. Therefore, express shipments are advisable. Upon receipt, plants should be immediately unpacked. If you are not ready to plant them in their permanent places, they should be heeled in, in an upright position and the roots kept moist until they are planted. This method will keep your plants in prime condition.

COCCINEA ALBA. White form of the preceding.	Per 10 .85	Per 100 6.00
OFFICINALIS (Hardy Garden Heliotrope). Produces showy heads of rose-tinted white flowers during June and July with delicious, strong heliotrope odor, 3 to 4 feet.	.85	6.00

VERBASCUM

PHOENICEUM. Very attractive border plant of va-	
rious shades, including white, pink, salmon and	
violet; in graceful spikes. This unusual plant	
forms a crinkly rosette of leaves and is most at-	
tractive in the rock garden where taller plants	
can be used.	25

VERONICA

Speedwell

A very interesting family of plants that form excellent

subjects for the hardy border and rockery. They win a rich well-drained soil in an open situation in		
BLUE FAY. A worthy addition to the upright varieties of Veronicas, growing to a height of 18 inches making a good compact plant. Its glossy foliage is quite striking. Flowers are a bright lavender, desirable for cutting.	1.25	8.00
CORYMBOSA STRICTA. Dense plume of azure blue in late Spring. A splendld Alpine variety. Height, 6 inches.	1.00	7.00
ELEGANS. A nice erect growing variety, 12 inches high; big flowers. Pink. July. INCANA. Deep blue flowers with silvery foliage.	1.00	7.00
Has good appearance, both in and out of bloom. Useful in rockery or for edging paths and flower beds.	1.00	7.00
LONGIFOLIA SUBSESSILIS. A delightful 2-foot border plant with attractive foliage of distinct character, a roughened bronze green. Flowers are borne abundantly during July and August in long compact spikes of a beautiful deep blue and are		
frequently used as cut flowers. RUPESTRIS HEAVENLY BLUE. The same habit as Rupestris; prostrate; does well in full sun or light	1.00	7.00
shade. Lovely in the rockery or at base of shrub- bery. Completely covered with heavenly blue flow- ers in late May or early June.	1.00	7.00
RUPESTRIS NANA. Prostrate and creeping, forming a dark green carpet of shiny foliage which is covered with deep Gentian blue flowers in late April		

and early May; one inch high.

flowers.

RUPESTRIS ROSEA. Fine border or rock plant. Pink

1.25 8.00

Express Rates Reduced 25%

Transportation charges in the past were high, which added greatly to the cost of the plants purchased. Due to the continuous efforts of the nurserymen, the Express Company this year reduced their rates fully 25%. We consider this a nice reduction in transportation charges. This together with low cost of merchandise is of mutual interest. Our customers therefore, need not have the fear of transportation charges being out of reason. We also wish to thank the co-operation of the Express Company.

VERONICA (Continued)		
REPENS. Low spready-growing kind, clinging closely to ground and very useful as ground-cover.	Per 10	Per 100
Tiny blue flowers in early Spring. Thrives best in moist sun.	1.00	7.00
SAXATILIS. Pretty for rockery, about 6 inches high. Flowers azure blue with darker center. Spreading habit.	1.00	7.00
TEUCRIUM ROYAL BLUE. Gentian blue. Onc of the prettiest and brightest of blue flowers, pleasing foliage. Flowers during May and June. A lovely plant for the rockery or border; height 1 foot.	1.00	7.00
TEUCRIUM CHAMAEDRYS. Neat and distinct species. 8 inches high. Flowers silvery rose.	1.25	8.00
TEUCRIUM RUPESTRES. Dwarf and spreading with deep blue flowers in May and June. Height 4 inches.	1.00	7.00

VINCA

Periwinkle or Trailing Myrtle

MINOR. A trailing, evergreen plant, used extensively for carpeting the ground under shrubs or trees or on graves where it is too shady for grass or other plants to thrive. Strong, nursery-grown clumps.

VIOLA

Tufted Pansies

THE improved form of Viola Cornuta are rapidly growing in favor. They flower continuously for nearly eight months in the year; and while their flowers are not so large as those of the Pansy, their bright colors and floriferousness make them welcome additions to any garden.

ADMIRATION. A rosy purple in color with flowers almost as large as the annual Pansy, but flowering

BLUE PERFECTION. Deep purplish blue,

continuous over half of the year. APRICOT QUEEN. A fascinating shade of apricot that compels the immediate attention and admiration of all who see it. The plant has a neat, compact habit of growth and blooms freely from Spring to October. The requirements for success in growing this charming Viola are to locate the	.85	6.00
plants in full sun and to shear them close to the ground twice during the season.	1.25	8.00

Forcing Stock for Florists

The following items are grown especially for forcing, with particular attention to strong root development. They have proven productive and desirable. After each item is mentioned the time it usually takes to force it to a point for selling.

In THE large assortments of Perennials now being grown, there are varieties continuously being discovered for forcing. However we do not list them under this heading, until we are fully satisfied that they have been tried out and our Florist customers are actually having good results with them. All forcing Perennials are purchased in the Fall for planting in greenhouses for winter flowers. We have long made a specialty of growing and curing forcing stock and shipping out large quantities every Fall for all parts of the United States. The following list of varieties we will prepare this season for forcing purposes. These plants will be grown on selected soil and they will be well spaced so that they can fully develop for this purpose. If you make purchase of these varieties for forcing, we will welcome your correspondence throughout the entire year. To assure you of receiving good quality forcing plants, we advise you place your order anytime throughout the growing season, and we will be very glad to make reservations for you for delivery in proper season. The varieties we are preparing this year are as follows:

Astilbe

ASTILBES

All Varieties, Per 10 \$2.00; Per 100 \$18.00

These plumy pot plants require 12 weeks to force and may be potted December 15 to Jan. 15 for spring and Easter sales but usually the earlier date is preferable.

AMERICA. A deep lilac pink variety especially adapted for early forcing.

AMETHYST. Well branched spikes of deep violet-purple.

GLORIA PURPUREA. Strong variety. Flowers develop to magnificent large heads, color purple with crimson tints.

GLORIA SUPERBA. The latest of all forcing Astilbes, a little taller and a little more prolific than the average. Its deep rose-pink flowers make a grand showing.

PEACH BLOSSOM. A beautiful light pink that gets its name from its similarity to peach blossoms. Very prolific. Especially good.

PRINCESS MARY. Pink. Very good forcer.

QUEEN ALEXANDRA. Its extra large pink flower trusses are borne on plants a little more stocky than some of the others. One of the best forcing varieties.

RHINELAND. The compact spikes are bright crimson colored with salmon shade.

ROSE PEARL. Shell pink; an excellent variety for forcing.

CAMPANULA

MEDIA. Blue, Rose or White separate. These plants will force in about 6 to 8 weeks and should be set into the benches about Feb. 10 to 20 for spring sales. The Canterbury Bells are well known as out door flowers. However, not all florists know that they are valuable for forcing. Per 10 85c; per 100 \$6.00.

DAISY

ELDER. If planted in February this plant will be developed for early spring sales. It takes from 4 to 5 weeks. Since its first introduction a few years ago florists have found this daisy valuable for forcing for late winter cutting as well as for planting out of doors for Memorial Day sales. Large clumps.

Per 10 75e; per 100 \$5.00

DELPHINIUM

These favorites should be planted on your benches from Jan. 1 to 30 to be ready for March. It generally requires about 8 or 10 weeks to force.

BELLADONNA. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any others. Its place on the florists's greenhouse bench has long since ceased to be disputed. Its beautiful spikes bring good prices throughout the winter months. Per 10 85e; per 100 \$6.00.

BELLAMOSUM. Dark blue form of the popular Belladonna. Per 10 85c; per 100 \$6.00.

ENGLISH HYBRIDS. (Blackmore and Langdon's Best Strain). For many years we have grown many different strains of Del-phiniums having in mind to supply our customers with the best obtainable. This strain without a doubt stands in a class by itself. It has the range of colors well divided in the palest shades of blue to the deepest indigo with a strong run of the most delicate shades of rose, double and single. We are confident that this particular strain will give you extra strong spikes in every desirable shade of color. Per 10 \$1.00; 100 \$7.00.

DICENTRA

For spring and Easter pot plants these roots should be potted up about Feb. 15. Six weeks is about the time it takes.

SPECTABILIS. (Bleeding Heart or Seal Flowers). An old fashioned favorite. Its long racemes of graceful heart-shaped pink flowers are always attractive. Florists have long used it and a good showing of it usually helps sales. Good plants well

forced will fill in throughout the dull days of winter. It is always scarce. Per 10 \$2.00; per 100 \$15.00.

DORONICUM

Leopard's Bane

EXCELSUM. Has large yellow marguerite-like flowers, 2½ to 3 inches across, in early Spring. Very suitable for beds and borders, also a splendid flower for cutting. In addition to the above uses, it is now becoming a very popular forcing plant. Time required for forcing is from 5 to 6 weeks. Per 10 \$1.50; Per 100 \$10.00.

FUNKIA

UNDULATA VARIEGATA. (Day Lily). Its broad rich green leaves have a fluted white edge, a truly fine foliage pot plant for Easter sales. They require from 4 to 6 weeks to force and should be potted up about Feb. 20 or March 1. Per 10 \$1.25; per 100 \$8.00.

LUPINES

Planted in January for spring vases and baskets, these flowers have proven very popular. They require from 6 to 8 weeks to

POLYPHYLLUS. Blue, Rose and White separate. Beautiful pea-shaped flowers on long spikes. Per 10 \$1.50; per 100 \$10.00.

VIOLETS

GOV. HERRICK. Large shining leaves and flowers of rich deep purple. Per. 10 \$1.25; per 100 \$8.00.

PRINCE OF WALES. By planting these popular little flowers about Dec. 1 they will be ready for Jan., Feb. and March sales, it requiring about six weeks to force. The demand with the florist grows for this variety from year to year. This year we have a nice supply of strong field grown elumps that will make an extra good grade for greenhouse planting.

Per 10 \$1.25; per 100 \$8.00.

Baby Rambler Roses

N ADDITION to growing and especially preparing the Perennials for forcing, we grow a very good assortment of Baby Rambler Roses in large quantities for forcing purposes. These Baby Rambler Roses are grown with great care and their growing is continually encouraged until the first of September. From there on our attention is toward the development and the ripening of the wood so that when these plants are potted the wood is in proper condition for forcing. We accept orders for all our Baby Ramblers throughout the entire season and reservations may be made for delivery throughout the month of December. We now have the following varieties.

	Per Per 10 100		Per 10	Per 100

SHRUBS

While we are specialists in perennials, we grow a nice assortment of Shrubs, Roses and Vines. Very often customers calling for perennials wish to include the above in their plantings. In these cases, we are able to complete their orders. This assortment is used in most plantings. Therefore, we wish to attract your attention to the varieties offered below; you will find our prices very reasonable.

KALMIA LATIFOLIA

Mountain Laurel

Grows 8 feet high, with broad, glossy green foliage. The rose-colored flowers, in large and showy clusters at the ends of the shoots are of elegant shape and appear in June. We have developed exceptionally nice plants; we are sure that they will grow well in your planting. Our plants cannot in any way be compared with any collected stock; they are far superior, due to the fact that they have been grown right out in the open sun with field cultivation. Our prices are as follows:

12-15 inches	.75 each
15-18 inches	\$1.00 each
18-24 inches	1.50 each

DAPHNE CNEORUM

Garland Flower

Daphne works in well with perennials. Since rock gardening is so popular, there are many being used with assortments of hardy plants. The nature of Daphne is a dwarf bushy plant forming a broad mat of wiry almost prostrate stems covered with dark green leaves, each stem tipped with a dense cluster of rose-pink deliciously fragrant flowers in May and August. Without question it is one of the most beautiful little early flowering shrubs. Since the plants are available in quantity this plant should be included in practically all types of gardening. To keep in step with the times, we propagated large quantities. We have ready for this Spring exceptionally nice plants at a very reasonable price.

Balled and Burlaped 6-8 inches 25c each Balled and Burlaped 8-10 inches 30c each

Hybrid Tea Roses

The list we offer below is without question the very best from the standpoint of hardiness, distinct and beauty. We are in position to supply Hybrid Tea Roses in almost any quantity. Annually we produce a nice field and this year, our plants have made up exceptionally well. We will appreciate your Rose orders.

TOTAL 1000 PLANTS FOR \$50.00

250 for \$12.50; 500 plants for \$25.00. In buying the smaller quantities mentioned, you may select from the entire list of varieties shown above.

Erica or Calluna - Heather

Will grow best in shady or semi-shady locations. They require the same kind of soil as you would use for Rhododendrons or Hardy Azaleas. The first winter after planting they should have a little protection with a slight covering of straw. After that they are hardy. The Ericas are very pretty in summer and winter, having nice wiry stems with artistic foliage. After the first year the branches are covered with delicate little flowers.

We have large quantities of all varietics listed in 3 in. pots. These plants will readily transplant and will make a quick growth. For the reason that our plants are hardened off, we believe they can be planted this fall and will stand the winter. However, if you do not care to make fall plantings, we will be very glad to receive your orders any time between now and next spring and will

make reservations for you for spring shipment.

We believe our assortment is the very best. The last few years we have selected these plants in various nurseries. Therefore, we are sure that we have an outstanding assortment. Our prices are also very reasonable. Accordingly, if you have not grown these in the past, we advise that you make purchases at this time. These plants are very interesting.

Hardy Azaleas

In our greenhouses we have given a great deal of attention to the propagation of the Hardy Azaleas. We have developed large quantities of the outstanding hardy varieties. The plants we have for this fall's shipment are those which for the last few years have enjoyed a good demand. They are field grown, well spaced. For the reason of our large production, we are able to place these plants on the market for delivery this Fall at very reasonable prices, balled and burlapped.

	Cach	Doz.
MOLLIS (Chinese Azalea) Notable for the variety and delicacy of its numerous shades of yellow, ter-

the upper petals lightly spotted with brown.	.50	5.00

COTONEASTER

Horizontalis

In the list of low growing evergreen shrubs, this variety stands out. It has the true horizontal branches with glossy green leaves, throughout the winter months covered with orange red berries. It is a very attractive plant when used for a low border in any planting. It is also outstanding in a rock garden. Really it is the only shrub that grows from 10 to 12 inches off the ground, its spread being many times that. When the entire top is covered with orange red berries, the whole plant becomes very pleasing to the eye. We offer nice stylish plants in the following sizes.

_		Per 10
8-19 in.	B. & B.	4.00
10-12 in.	B. & B.	5.00
12-24 in.	B. & B.	7.50

PYRACANTHA (CRAETAGUS)

Coceinea Lalandi

Firethorn or Evergreen Thorn

This is one of the new evergreen shrubs. Belonging to the thorn family its nature is to produce exceptionally heavy white flowers. This plant can be trained to grow in upright or into a drooping bush. It is very desirable for planting as a specimen plant. It is also an outstanding plant when used in plantings with evergreens or other shrubs. Following the heavy crops of flowers the plants throughout the fall and winter months are fully covered with attractive brilliant orange searlet fruit. By itself when the ground is eovered with snow the plant being evergreen heavily covered with the orange searlet fruit ereates a beautiful pieture in the winter. We offer plants in the following sizes, properly balled and burlapped.
